### Additional location information

Located in the city of Funchal and a stone's throw from Câmara de Lobos. Very easy access to the ER 101 express way ('Estrada Regional 101' or 'Via Rápida'). Which means you are minutes away from everything. You gain very easy access to almost any part of Funchal or the rest of Madeira. Less than 2 km (as the crow flies) from Madeira's largest Beach: Praia Formosa. The importance of the location of the quinta cannot be forgotten. It is in the midst of what we would call a great tourism melee of experiential treats: Funchal environs in handy reach, close proximity to beaches, and great sightseeing at nearby Câmara de Lobos - an atmospheric fishing village. Shopping is made close by at the popular Madeira
